

**PRESS RELEASE**

**January, 2008**

## **Spice Up Your Valentine!**

Ignite the fires of passion this Valentine's Day with a little something from Mother Nature: the Nutri Centre has some natural ingredients in store that won't fail to disappoint the ardent lover in you.

**Veromax** ~ Think his 'n' hers hit the spot supplement. Promising to enhance men's performance and women's blood flow where it counts, Veromax works in synch with your body to boost nitricoxide levels, increasing blood flow, and therefore reaching the parts....

In just a few days of taking this once a day supplement most will feel a difference and in clinical trials, 76% of men taking Veromax daily noticed an overall improvement to performance.

Veromax for women costs £29.95 for 60 tablets: Veromax for men, £32.99.

**Or Save £10 with a special triple pack.**

**Viapro** ~ A heady mix of 22 natural herbal components for greater and longer sexual arousal and stamina. Viapro's active ingredients include amino acid L-Arginine, for release of nitric oxide in the body to aid sperm production and longer-lasting erections, Velvet Deer, to increase blood flow, and a host of well established aphrodisiac herbs from India and Peru.

One capsule 30 minutes before intended sexual activity, lasting up to 24 hours. Try a 2 capsule trial sachet for £7.99 – or 10 capsules for £34.\*
