## The black Carnival mount

Our black Carnival mounts are known for their quality and versatility – crafted from the finest heavyweight stock, perfect for events, weddings and portraiture, they represent the ultimate finishing touch in image presentation.

This summer is the ideal time to take advantage of our special offer – for a limited time only\* all black Carnival mounts including our best-selling 8x6 and 7x5 Up and View mounts are reduced by a full 25% in price.

Featuring a single-tone double-effect overlay, these high quality mounts can be enhanced further by personalising them with blocking – your logo and contact details or the addition of event-specific details will give further value to these premium products.

For more information and ordering details please call our Customer Service Team on 01844 299600 or contact your local distributor for details.
